

Elwood Volunteer Fire Co.

9TH ANNUAL

Golf Tournament

*to benefit the EVFC and
Deanna Super*

Deanna Super suffered a spinal cord injury in 2009 from an epidural that has left her in severe, torturous, pain. Living with this injury challenges her every waking hour of her day. This Mullica Township resident, has partial use of her hands and can only walk very slowly. Her nerve endings zap her from head to toe when she slightly tilts her head forward. She doesn't feel hot or cold in parts of her body and says that it feels like fire underneath her skin. Her world is trying to balance pain meds against the injury that is haunting her every single day. This creates severe nausea and fatigue that doesn't make it possible for Deanna to be Deanna.

Facing the prospect of a long recovery period, Deanna worries not only about the pain she suffers, but of the dire nature of her financial situation. Doctors say she may need anywhere from six months to two years to heal, but no one knows for sure. Currently, Deanna is slowly making progress through home occupational therapy.

GOLD SPONSOR - \$1,000 = Only sign located at specified hole.

SILVER SPONSOR - \$500 = Shares sign location with one other sponsor.

BRONZE SPONSOR - \$250 = 4 sponsors per hole. **\$100** = Associate sign.
